NATIONAL

Republican Ticket.

FOR PRESIDENT,

BENJAMIN HARRISON

OF INDIANA.

FOR VICE PRESIDENT

LEVI P. MORTON,

OF NEW YORK.

THE AMERICAN POLICY OF PROTECTION.

The following is extracted from the speech of Benjamin Harrison, the Republican nominee for President before the Marquette Club at Chicago, March 20th, 1888.

"There is another question to which the Republican party has committed itself, and on the line of which it has accomplished, as I believe much for the prosperity of the Republican party is pledged and ought to be pledged to the doctrine of the protection of American labor (Applause.) I believe that in so far as our native inventive genius—which seems to have no limit—our productive forces can supply the American market, we ought to keep it for ourselves. And yet this new captain on the bridge seems to congratulate himself on the fact that the voyage is still prosperous, notwithstanding the change of commanders, who seems to forget that the reason the voyage is still prosperous is because the course of the ship was marked out before he went on the bridge and the rudder fixed down (Laughter and applause.) He has attempted to take a new direction since he has been in command (laughter) with a view of changing the sailing course of the old craft, but it has seemed to me that he had made the mistake of mistaking the flash light of some British lighthouse for the light of day. (Laughter.) I do not intend here to-night in this presence, to discuss this tariff question in any detail. I only want to say that in the passage of what is now so flippantly called the war tariff, to raise revenue to carry on the war out of the protective system, there has come to this country a prosperity and development which would have been impossible without it, and that a reversal of this policy now and at the suggestion of Mr. Cleveland according to the line of the blind statesman from Texas (Mills) would be to stay and interrupt this march of prosperity on which we have entered. (Applause.) I am one of those uninstructed political economists that have an impression that some things may be too cheap, that I cannot find myself in full sympathy with this demand for cheaper coats, which seems to me necessarily to involve a cheaper man and woman under the coat. (Applause.) I believe it is true to-day that we have many things in this country that are too cheap, because whenever it is proved that the man or woman who produces any article cannot get a decent living out of it, then it is too cheap."

CASSIDY RETURNS.

And tells What He Intends to do—Provided.

Hon. G W. Cassidy, the Democratic nominee for Congressman, arrived at Humboldt Wells last week, and is reported by H J. Mohan, the Irish orator, as saying:

"I have come back to Nevada to fight the battles of Democracy. I have no fears whatever of the success of the Democratic ticket in this State. I will speak in every town and hamlet in the State, and you know that I am not afraid of my opponent I know the wants of the people here and can explain them in Congress, and I'm going there to do it I am not a free trader nor never was.

"Nevada will go Democratic; even should we lose California Cleveland will be elected I will remain at Eureka about two weeks, then go to San Francisco, where my wife is sojourning, where I will remain a few days When I complete my business there I will enter the hustings and you can rest assured that I am going to win. I did not seek this nomination, but I accepted it and its responsibilities, and so far as I am concerned I have no fears of the result, and that is the success of the Democratic party in Nevada."

It is a curious fact, when one comes to think of it, that almost every newspaper in England speaks of Mr Cleveland in the most friendly tone, and desires the success of the Democratic party in our coming election. Luckily it is American voters and not British that are to decide who the next President of the United States shall be.

The Carson editors are afraid the Capital City will be short of water this year. What need they care? It is an unknown quantity with them.

FALL INTO LINE.

The Carson Tribune says.

It affords old time Republicans much pleasure to note the fact that very many staunch Democrats are falling into the onward march of Republicanism, for that such is the case in Western Nevada no one will care to deny. Notwithstanding the ridiculous howl by the Democracy that General Harrison is pro-Chinese in principle the producer and laboring man who reads understandingly knows full well that the cry is mere balderdash and for effect, and comparing Mr. Harrison with Cleveland and the free trade policy of the Democratic party with the protective plank in the Republican platform, and the assurance that the doctrine will be faithfully carried out, however strong their political opinions may be, the majority will most assuredly vote for the party of progress, the poor man's friend.

We find among all classes of foreign-born citizens men, young and old, those, not having paid much attention to political matters heretofore, a desire existing to acquire a better knowledge concerning the administration of Governmental affairs, and so be enabled to give a reason for voting a particular ticket, who, when informed, will doubtless espouse the Democracy of the present day and vote for the future good of themselves and families.

Well may the Democrats of the Pacific Coast and of Nevada "whistle to keep their courage up" and charge all sorts of mean acts on the part of the Republican nominees, for November next will show them the forlorn hope they cling to, for the strength of their party, the ignorant foreign born element, is fast leaving them to their future destruction.

Yes, they are falling into line, and such a victory is assured as the Republican party has not seen since Abraham Lincoln's first election. The country needed the party then and so it does at the present time.

THE RECORD OF HARRISON.

The Carson Tribune says:

The tide of public favor has risen rapidly in favor of Harrison during the last few days. The people have been learning wherein lie the elements of his strength, and reading the record of his successful life As the certainty of his strong advanced stand upon the subject of protection is realized, as the exact facts of his record upon the Chinese question are comprehended, and the spotless purity of private life is observed, it is seen that he is the right nominee for President of the United States.

The Democratic press have endeavored to create a counter current against our nominee by the assertion of Harrison's hostility to anti-Chinese legislation is produced and enlarged upon It is sought that that record is chopped off at 1882 by the Democracy. It is also singular that the facts should be suppressed showing that Harrison's attitude toward this issue was that of almost every public man in the East between 1878 and 1882 regardless of party. In 1884 when the whole subject of the Chinese came to be understood by him, Senator Harrison was found as an active opponent of immigration as any man in the Senate at that time. As a member of the Senate Committee on Foreign Relations in that year he voted to report favorably the Chinese bill then pending, and upon its return to the Senate he supported it there also by his vote.

If the Democrats can derive any comfort from quoting this old and abandoned record of General Harrison they are welcome to it. The only reason the Republicans cannot produce a similar record of Cleveland is that in 1882 he was too obscure to have made a record worth presentation upon any national issue.

Our evening contemporary the Evening Gazette, appeared in a new dress last evening, and presents an improved appearance.

TOWN AND COUNTY.

BREVITIES

The pipe route for the new water supply for Tuscarora is being surveyed.

The Sierra Nevada Company Tuesday levied an assessment of 25 cents a share.

Chloride ore assaying $5,000 a ton was extracted last week from an Austin, Lander county, mine.

The Eureka Consolidated Mining Company paid a monthly dividend of 25 cents per share Tuesday.

The rain showers of night before last and yesterday morning have cooled the atmosphere and laid the dust, which has been flying for the last two weeks, and made it very pleasant.

The Tribune says the Amateurs, of Carson, are willing and anxious to play the Esmeraldas, of Candelaria, for $500 a side, the game to played in Carson, and the Esmeralda Club to be allowed $100 for expenses.

JULY TABLE TALK.—The July Table Talk contains much entertaining matter. July is a month in which literary palates, like the other sort, grow sensitive and particular, both kinds, however, will find much that is appetizing in Table Talk. "The Editor's Midsummer Day's Dream," an illustrated poem by Joseph Whitton, opens the list of contents, followed by Hannah Hawthorne's "Education in Cookery;" Mrs. Rorer's "New Menus for July;" an interesting story, called "The Facts About Cephas Johnson;" Melville Moran's story of "A Sea 'Scape;" a seasonable poem by William Struthers; a seventh chapter of "Jonathan Easy's Difficulty;" a juvenile story, entitled "Dick's Hat-Band;" "Dining-Room Facts and Fancies;" "Luncheon and Tea Toilets," by Tillie May Forney; "Feminine Crazes;" "Our Cooking Club;" "Home Decorations;" "Mattie's Housekeeping Experiments;" "New Things for Table and Kitchen;" "Housekeeper's Inquiries," by Mrs. Rorer; "The Thoroughby Dinners;" "Woman's Exchange Movement;" "After-dinner Talk," &c., &c. Published at $1 a year, 10 cents a copy, at 402, 404 and 406 Race street, Philadelphia, Table Talk Publishing Company.

PROSPECTING FOR WATER.—An Agent of the mill companies on the Carson river, says the Enterprise, has gone up toward the headwaters of the stream to see whether water is there being run out upon waste sagebrush as bad as reported. Ranchers on the lower part of the river say that newcomers up toward Alpine county, California, use the waters of the stream in a very wasteful way. It is reported that the water is used to clear the land of sagebrush. It is said that when land is thoroughly saturated with water, all the sagebrush dies. This saves grubbing, as a heavy harrow passed over the dead sagebrush pulls it all up by the roots and clears the land ready for the plow. The ranchmen will probably be induced to turn the water back into the river a sufficient length of time to float down the wood drive now stranded at various points above Empire City.

ZAMLOCH.—To-morrow evening Zamloch, "the great gift autocrat of the world," will give one of his conjuring entertainments in McKissick's Opera House. He is spoken of as being great, where he has held his light seances and did his slight of hand tricks. One hundred and fifty presents given away with each performance. A grand family gift matinee Saturday afternoon. Saturday evening his season here will close with an entire change of programme.

NEVADA WILL DO WELL.—Those who are in a position to know say that Nevada will make a very creditable display at the National Educational Exhibition in San Francisco. Every school in Storey, Washoe, and Ormsby will be represented, and Elko, Humboldt, Lyon, Nye and Douglass will also forward creditable displays. Some good work will be sent from the schools of the Comstock—Virginia and Gold Hill.

H. & N DIVIDEND.—The Hale & Norcross Mining Company disbursed its regular monthly dividend of 50 cents per share, aggregating $56,000, yesterday, making the fourth consecutive monthly dividend paid by the company from bullion extracted from the 700 level ore discovery. The dividends paid since then foot up nearly one-fourth of the present quoted price of the stock.

CURRANT TREES.—The Enterprise says a Washoe Valley rancher finds that when currant bushes are trimmed up tree fashion and cultivated after the fashion of small fruit produced is about twice the size of that grown on the scrubby bushes stuck away in corners and left to take care of themselves. He now raises currants as large as cherries and expects in time to have them as big as plums.

DOCKSTADERS MINSTRELS.

They Were Received With Enthusiasm Last Evening.

Last evening Dockstader's Minstrels were received by the people of Reno with enthusiasm and pleasure, the Opera House being crowded to its utmost. This reception was not enthusiastic alone on account of the first-class performance that was given, but also because the town had turned out to welcome home Dickie Jose, itf favorite and sweetest singer, and to return its appreciation to Lew Dockstader, the proprietor, and the other members of the troupe who have treated our boy so kindly, and are able to come before us and say that "in Dickie Reno has a singer and a man she may well feel proud of. The performance opened with the usual first part, the participants being clothed in very neat costumes composed of swallow-tail coats, knee breeches and black stockings. The singers of this company are exceptionally good, John H. Davis singing "Sailor Boy's Return," in a sweet tenor voice, reaching the high notes in a sweet and clear manner, and was heartily encored. The songs of Messrs. Dixon and Fullman were well received, both receiving encores. When Dickie Jose stepped forward to sing he was greeted with rounds of applause, and when he had finished singing "The Song That Reached My Heart," arranged to the music of "Home, Sweet Home," the house fairly shook with the encore that he received, and the stage was literally strewn with bouquets and floral emblems, among which was a harp formed of cream-colored and crimson roses, and in the centre the letter "D," formed of salmon-colored geraniums, ornamented with maiden-hair ferns, and many other beautiful flowers, the whole displaying elegant taste in the designer. Dickie was extremely well pleased and for a moment or so was evidently quite overcome with the ovation. One feature of his gifts was a bouquet taken upon the stage by R. H. Lindsay's little girl, who gave Mr. Sweatnam quite a fatherly appearance as she sat on his knee waiting for Dick to finish his song. Dick responded to all the encores with cheerfulness and feeling, showing off his sweet voice to its best. The rest of the performance was more than extra good, and kept the audience in the best of humor during the entire evening. Billy Rice, Sweatnam and Lew Dockstader becoming great favorites at once. The latter gentleman during his laughable sketch of "Misfits" was presented with a huge floral piece representing an anvil with the letter "D" on either side, as a token of esteem for the kindness he has shown to Reno's boy, who left the anvil to cast his lot among those on the minstrel stage, and in thanking the audience Mr. Dockstader said, "that while Dickie had gone to New York a perfect stranger, and met with the success that would have turned the head of most boys, he was glad to report that in Dickie Reno had a singer and a man she might well feel proud of. Reno does feel proud of Dick, and Mr. Dockstader will always be remembered by her people for the kindness he has shown Dick in the past two years. The entertainment generally was the best of the kind ever witnessed in Reno, and the announcement that Dockstader's Minstrels will appear here again next year will be greeted with pleasure, and their advent will be met with a packed house.

THE LICK OBSERVATORY.

Times at Which Visitors Will Be Received.

Professor Holden, Director of the Lick Observatory, has issued a circular in which he states that the observatory buildings will be open to visitors during the daytime every day in the year. During the daylight hours visitors can, of course, see nothing but the instrument. Those who wish to look through the telescope must visit the observatory on a Saturday night. Then, between the hours of 7 and 10 o'clock, they will be allowed to satisfy their curiosity.

In order to accommodate the largest number of visitors the great telescope will be kept pointed at one object—as the Moon, Saturn, Jupiter, etc.—for the whole time, and will not be directed at other objects. Whenever the work of the observatory will allow, the 12-inch and the 6-inch telescopes will be open to visitors, during the same hours only.

At 10 P. M the observatory will be closed to visitors, who must find their own conveyance to Smith Creek, as there is no way of lodging them on the mountain.

JEFFREYS LEWIS COMING.—Next Tuesday evening this charming actress will make her appearance at McKissick's Opera House in Sardou's grand New York success, "La Belle Russe," a character which sets everybody talking especially the ladies, whose favorite actress she is. Jeffreys-Lewis handles the character of "Geraldine Calthorpe" with intensity and grandeur, as she does all of her roles such as require almost life-long study, and in which few indeed have attained that degree of perfection she has. This performance should certainly fill every available space in the opera house next Tuesday evening. Seats now on sale at Nasby's.

This little bud so young and fair,
Called home in early bloom,
Is now happy with the angels
In that home over there.
Now he's gone, and though we miss him,
He is free from trial and care.
And when we shall cross the river,
We will meet our darling there.

THE ALTAR.

KNIGHT—SMITH—In Reno, July 11, 1888, at the residence of the bride's parents, by the Rev. C. L. Fenner, C. Lewis Knight to Eva E. Smith.

Bringing Gladness

To millions, pleasing their palates and cleansing their systems, arousing their Livers, Kidneys, Stomachs, and bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. Sold by Wm Pinniger, Reno.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle feb. 21-sw f-1y

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

PLATFORM AND SOLUTIONS.

The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.

Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.

Resolved, That a diminishing quantity of money reduces the price of labor and property increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.

Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National banks, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people oppressive, unjust, and should be repudiated.

Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded.

Resolved, That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage upon the people; that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonetized silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.

Resolved, That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property.

Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candidate who is free to do justice to all the people of the country—the poor as well as the rich.

Resolved That the trickery of the President and his advisers by which they prevented a vote in the House of Representatives on the Beck silver amendment to the Fort Wayne purchasing bill, equals the villainy of the secret and fraudulent demonetization of silver in 1873.

II

Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the wageworkers competition with the cheap labor of other lands.

Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending.

III

Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail services, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his Administration to prevent appropriations for a navy and coast defenses, with attempting to destroy the protective tariff, with courting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to demonetize silver and destroy the industries of our country, and for the reduction of wages of the Mint employes at Carson for closing the Carson Mint when it was not only self sustaining but a source of revenue to the Government, for its contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required.

IV

We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.

V

We demand, in behalf of our various industries the retention of the duties on lead, borax soda, hides and leather, and to restore the tariff of 1867 on wool.

VI

Resolved, That we recognize the right of labor to organize for its lawful protection.

VII

Resolved, That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic

VIII

We favor liberal appropriations by Congress for hydrographical and topographical surveys in this State to the end that the waste waters may be preserved for the purpose of irrigation.

IX

We indorse the wise and conservative administration of Governor C. C. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn in behalf of the interests of the people of this State.

X

We favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements.

XI

We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of defenses for our sea-coasts, the erection of public buildings, the creation of a navy the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.

XII

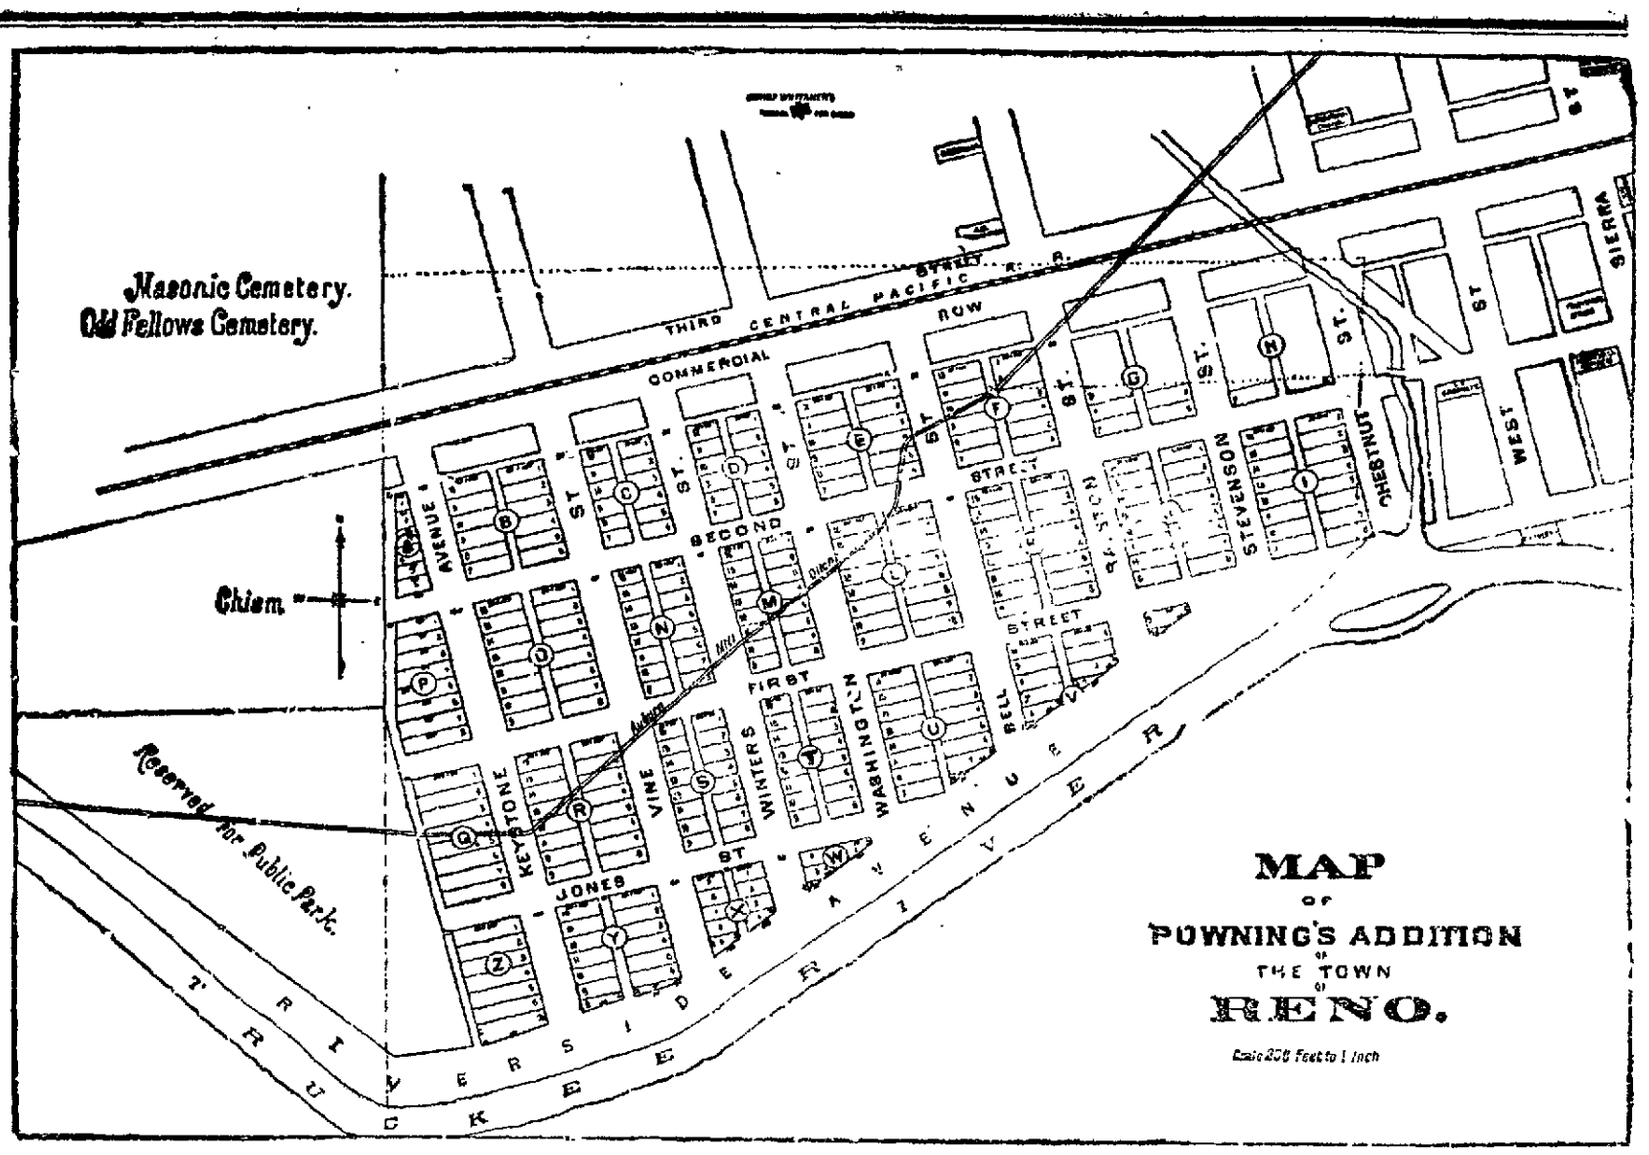

It is the duty of the State to maintain free non sectarian schools in the rural and sparsely settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the State.

XIII

We are in favor of re-opening the Carson Mint for coinage, and raising the wages of its employes to the standard paid by the last Republican Administration.

XIV

We demand the restoration of the mail service in this State to the efficiency maintained by the last Republican Administration, and favor the payment of fair wages to all postal employes.
